## Our promise:

We will never waste money on advertising.  
We will never waste money or paper on copious printed marketing materials.  
We will never build a fancy tasting room or try to sell you a 'lifestyle'  
And we will never, ever show you pictures of our pets!

Our grapes are locally and sustainably grown by a great family business.  
Our bottles are locally made.  
Our capsules are recyclable tin.

## Winemaking:

A little French Oak, light egg white fining and a coarse filter prior to bottling.

## About the girls:

The girls are the vines....in this case located on a single vineyard that climbs from 2000 to about 2400 ft elevation overlooking Clear Lake and in the shadow of the 4299 ft Mt Konocti. The bright red, volcanic soil is riddled with obsidian that forms a deep, well drained, gravelly loam. The vineyard remains high above the morning fog and receives bright intense sunlight that is tempered by constant cooling breezes. The girls have always been sustainably farmed and are now undergoing certification for organic status.

## Tasting notes:

<b>color</b>	deep garnet, slightly lighter around edges
<b>bouquet</b>	classic cassis/currant/dark cherry mix, hints of cocoa and earthiness
<b>palate</b>	silky, medium weight, lots of cassis, trace of mint, vanilla
<b>finish</b>	long finish, fruit driven, with touches of soil expression and minerality
